

The all-new Honda Civic Type R

Introducing the New Civic Type R

Introducing the most extreme and high performance Type R in the history of the red 'H' badge!

1. Debut for all-new 2.0 litre VTEC TURBO petrol engine, delivering 310 PS at 6,500 rpm*, and 400Nm at 2,500 rpm*
2. 0-62 mph in just 5.7 seconds*, going on to a top speed of 167 mph*
3. New Dual Axis Strut Front Suspension technology enabling efficient transfer of the engine's prodigious power to the road
4. Debut of the +R button, which increases the response of various chassis and drivetrain systems
5. Functional and aerodynamically efficient external design changes, also bringing stunning good looks
6. Aesthetic and functional cabin upgrades, including supportive sports seats
7. Available in Championship White, Crystal Black Pearl, Polished Metal, Brilliant Sporty Blue, and Milano Red

GT Pack

Customers will have the option to specify their new Civic Type R, with an all-new GT Pack.

Externally the pack adds signature red highlights to the front and rear splitters for even more impact, but under the skin is where the most significant upgrades are found.

The driver will benefit from:

- Honda CONNECT with integrated Garmin satellite navigation
- Front and rear parking sensors
- Dusk sensing headlamps
- Rain sensing automatic wipers
- Electric folding door mirrors
- Eight speaker, 320 watt stereo system
- Dual zone climate control

As well as Honda City Brake Assist that comes as standard on all 15MY Civic, the GT Pack also adds Honda's Driver Assistance Safety Pack to the car, gaining:

- Forward Collision Warning
- Lane Departure Warning
- Traffic Sign Recognition
- High-Beam Support System
- Blind Spot Information
- Cross Traffic Monitor

Pricing

We're happy to announce that the new Type R will provide class leading performance, stunning good looks, and unrivalled pedigree from **£29,995 On The Road**

The **GT Pack** equipped car will cost **£32,295 OTR.**
